

Telecom Solutions

interlinked

About our telecom solutions

We help our clients extend communication services to your employees in their varying workspaces and enhance team collaboration.

Interlinked understands that flexibility is a key factor contributing to your business' competitive advantage, and that is why we provide a wide range of telecoms services to fulfill all your business needs.

As one of Australia's most successful NEC Channel Partners, an Accredited Telstra Dealer, Accredited Avaya Partner and Cisco Business Partner, we offer a multitude of professional telecom solutions for businesses of all sizes Australia wide.

Our team of qualified technicians and engineers are supported by the latest equipment, and are accredited to install and repair Cat 5, Cat 6 and Fibre cabling.

Benefits of our services to your business

- ✓ Effectively connect co-workers, partners, vendors, and customers
- ✓ Access and share information as needed
- ✓ Better team interactions, dynamically bringing together individuals into virtual workgroups
- ✓ Integrate collaboration & communications into applications and business processes
- ✓ Cost savings from customised plans and systems tailored to business needs
- ✓ Enhance efficiency with services spanning across various technologies and devices

Scope of our services

Business Phone Systems

We offer professional phone systems for businesses of different sizes Australia wide, all designed, installed and supported by our in-house team.

VoIP

Using internet rather than traditional infrastructure for voice communications, we can help you reduce cost and increases flexibility for your business.

Teleconferencing

Save time and enhance productivity by enabling your team to collaborate through Interlinked's high quality teleconferencing products.

Business Mobile Plans

Let us understand and analyse your business mobile usage to provide you with the most suitable plans on the high quality Telstra network.

Unified Communications

Integrate phone, video conferencing, instant messaging and email, across desktop and mobile devices to enhance collaboration for your business.

Cabling

Get connected with our professional cabling services. We only utilise internal technicians who are accredited to install and repair Cat 5, Cat 6 & Fibre cabling.
